

A solution to improve medication safety

Presource® Medication Labels

Safety, flexibility, efficiency

We create solutions that are mindful of your need to improve medication safety...

At Cardinal Health, we realize that improving patient and staff safety is a number one concern for our customers. In an effort to stay ahead of your needs, we've designed standardized **Presource®** medication labels to help healthcare providers comply with the JCAHO National Patient Safety Goals. **Presource®** medication labels offer a wide range of solutions for different healthcare facilities to assist with a variety of customer needs.

- Compliant** with the JCAHO National Patient Safety Goals requirement.
- Universal** labels for syringes, medication cups, bowls and procedural basins.
- Flexible** enough to choose specific labels for your department.
- Waterproof** so safety is not compromised.

Presource® medication labels have these additional options:
Your choice of packaging: single sterile or within a custom procedure pack.
Custom label solutions are also available for your specific procedural medication labeling requirements.

Each label set comes with one label sheet and one fine tip permanent marker.

Dual-Tip Markers

Presource® single sterile dual-tip markers provide versatility by offering two different inks within one multi-purpose marker.

- One end contains gentian violet ink for skin marking.
- One end contains utility ink for general operating room and labeling needs.

Cat. No.	Description	Qty. Cs.
